FRIDAY 19 JANUARY

Message from the Head

Dear parents and carers,

It was lovely to join in with our Inclusive Sports morning on Tuesday. Our friends at Bigland Green also joined us and we tried different sports such as seated volleyball and badminton with a mit! It was great to not only see children try new and more inclusive sports but also to watch the interactions between children from both schools. A great social opportunity to meet different children and welcome them to our school.

Something that has impressed me this week is watching how engaged our Year 6 children are with their new leadership responsibilities across the school. I don't just mean the takeover assemblies and Job Centre either; when we talk to them about the next two terms being the last but can be the best of their primary school days; they just become the cream that rises to the top. And I see this in their lessons too. They tackle their learning with increased curiosity and responsibility for making sure they understand their learning. They have high expectations of themselves and each other. It is watching 7 or 8 years of positive partnership between families and school in action; it's a real privilege.

Finally, at the other end of the school, I also got to see the joy of new beginnings. Our afternoon group of January starters began in our Nursery and it really is special to watch how quickly most just start interacting and playing together. How do we lose that ease to be social with new people as adults?

Anyway, a long one from me...usually the sign of a great week.

Belinda
