Note:

- Children participate in swimming lessons during year 3 and 4 at Kobi Nazrul at our local swimming centre (St Georges). In the last 3 years, this has increased from swimming in year 4 only as we are committed to developing children's swimming abilities. This was also a request from parents who really value swimming lessons at school – particularly those not confident enough in the water themselves.
- The results stated above are based on end of year 4 data. At the end of year 6, more children tell us that they can swim but this cannot be validated.
- Participation data is based on the end of year 6.
